February 2012

A non-profit 501(c)3 organization

Fellow servants,

I wish to begin by thanking all of our partners in America for your commitments to the course and welfare of our people in Onitsha Anambra state, Nigeria. Your support has put smiles to the faces of numerous widows, orphans and less privilege school pupils to mention but few.

Life they say is full of problems. There are still some challenges facing us like the biblical Goliath of Gath. We trust God however, that God will still use our brethren in the USA to turn around these challenges, *Proverbs 19:17*. All your contributions and generous giving to these precious ones are a direct investment to God, and your eternal dividends are guaranteed.

Rev. John Ani "I AM" World Outreach Mission Nigeria, Inc.

"I AM" Educational Center (aka) Eagles Academy Nursery/Primary School

Giving education to the people here is one of our top priorities; this is because we knew that the cost of ignorance is most devastating. Okpoko, a rural Onitsha community is noted for mass illiteracy levels. When I entered this place the Lord told me to give them spiritual and academic

knowledge and educate their children. I don't know how to begin since I lack the finances to carry out the command. For twenty years I trusted God to do it exactly as He commanded.

Like the journey of many miles, I started in a second, in other words, in a small way. And some years back the Lord brought to me Roy L. Wanta, the international President of "I AM" World Mission Outreach USA, and through him, many of you started donating to

the vision of giving the children education.

Today there are many of them outside who will want to come to the school with your help. We appeal again for your support to give, so we can give as many as we can the basic nursery and primary education. It cost \$60 USD per pupil per term or a total of \$180 USD

for one school year. It is also our desire to be paying our teaching staff their salary and when due.

This we have not been doing because of poor finance. We have eleven teachers now. We pay them a total of \$1,120 USD monthly. The highest paid teacher receives \$150 USD per month and the least paid teacher receives \$80 USD per month. We also appeal for help in this regard.

Blessing Ibeh

This girl had an unwanted pregnancy and was driven from home by her father. Somebody who knows what "I AM" Nigeria is doing, brought her to us. At this point her best wish was death. I counseled her and God helped her to change her mind to live.

Her case was reported to "I AM" USA, and many donated towards her upkeep. These donations helped us to rent a place for her and paid other bills until she delivered a baby girl in November 2011.

Roy Wanta with Ibeh

She has some health challenges now and she is still taking some treatment. Despite her sickness she is happy with her baby.

We appeal for help to continue to provide for her food supplies, medical supplies, baby supplies and her general upkeep. No gift is too small. May God reward you richly. Amen

A New Site

"I AM" Nigeria is also calling for help towards the realization of our dream of moving into our permanent site. This new-site will host the school, orphanage, hospital and water well for us and the community. Safe drinking water is another big problem here.

We also need help to mold more cement blocks and start the footing for the fence wall. This project is the life wire of "I AM" Nigeria. What ever the Lord laid in your heart for this project to go on will be highly appreciated.

Vehicles

We have a truck and many other things donated to us for use in the school, orphanage, sewing center and homes. This truck has not been shipped to us because of finance to do the shipping.

We, appeal for support towards the shipping of this truck and other equipment we to be used in the sewing and the skill acquisition center. No donation is too small or too big. May God bless you.

Widows

"I AM" Nigeria is currently helping one hundred and twenty seven (127) widows, with food, house rent, medical supplies, hospital bills and clothing, etc.

In December 2011, our international President Roy L. Wanta and other team members from USA could not believe what they saw as these widows were shedding tears of joy when food and other items were distributed to them.

We are developing a business and skills acquisition center to help some younger ones among them to have a means of livelihood. To end this, we need urgent support to start and agro-allied project and farm. The project will require \$5,000 USD. Meanwhile, two of these widows who are also childless are having health challenges. They need to be taken to the hospital for treatment. \$1,000 USD will go a long way in saving the life of these childless widows.

Their condition is critical. We appeal for urgent help.
