December 2022

This is the sad story of two sisters, **Afia and Gladys Owusu**. Afia is the one holding the rod who is 97 years old and her sister Gladys is 91. In Ghana this is unusual for someone to live that number of years. Their family members are treating them badly because they accuse them of being witches. They are saying that young people in the family are dying while they are still alive. Therefore they perceive them to be witches. They sometimes sleep with empty stomachs. Gladys the younger sister goes out to beg for help so that they can feed themselves. **Their living condition is very bad and therefore Pastor Benjamin is pleading on their behalf to "I AM" WORLD MISSION to come to their aid.** Thank You

Joyce Ampong is 39 years old whose husband died two years ago. She is doing a menial job of selling plastics on the streets to feed her three children. Because she couldn't pay her rent she was ejected from their place of living. Her friend helped them by accommodating them in her house, but recently her friend's husband wants to take advantage of her situation to have an amorous affair with her and Joyce doesn't want to destroy the friendship with her friend with such evil. She is therefore seeking for help to have a place to sleep with her three children. **Pastor Benjamin is pleading with "I AM" WORLD MISSION to find a place for them to live, bed, mattress and some food.**

Adwoa Serwaa is 45 years old and a widow with three children to take care of. When her husband died, her last born was 5 months old and now is 5. She sells oranges to earn an income but her capital is so small she is unable to pay for rent. The landlord has given her 4 years of free rent but now he can't continue doing that so he has given them to the end of December to start paying rent or vacate the place for someone else. **We are asking to help pay for Adwoa's rent, a bed and mattress and some food. Thank you very much.**

Psalms 46:1God is our refuge and strength, a very present help in trouble.

Here we have another situation that is a custom in Ghana when a married man dies his wife is to carry on and marry his brother.

Mary Ada is 49 years old and when her husband died, she was asked if she will continue her marriage with the younger brother. She has refused, which means she can not continue to stay in the family house. Mary was lucky they did not put an embargo on her concerning the children. Therefore she is able to leave the house with them if the children prefer to. *On behalf of Mary's situation could*

"I AM" WORLD MISSION help them find a place for them Thank you.

From our November newsletter: Akua , Patricia, Elizabeth, Benedictor and a widows group. Everyone was so happy and can't send enough 'Thank You' to those that help the ministry.
