Akua Adutwumwaa is 44 years old widow who is suppose to take care of her four children under a very hash and critical condition. Her late husband was accused of being a wizard who has killed his elder brother through witchcraft and so to prove his innocence, he was forced to drink bathed water from the corps and after two months of drinking that substance he fell sick and died. After his death, all his belongings were declared abomination and had to be burn and his children were also consider an abomination. They are now being housed by a woman who has promised them they could stay in a room with her as long as they wanted to. **Pastor Benjamin would like to request help from "I AM" WORLD MISSION on their behalf for living accommodations and food.** Thank you.

Patricia Obeng is a 39 years old widow with two little children to take care of. She is almost nine months pregnant and has no place to stay. She is only living with a nineteen year old boy who has been a Good Samaritan to her by opening his door for them to sleep temporarily. She can deliver at any moment and she will become a great burden for this 19 year old boy. Patricia's husband died mysteriously at the time when she was only three months pregnant. Life became very tough for her, so she decided to return back to her external families for help, but there is no help coming from any where. There is no place in the family house for her and the children to lay their heads. **Patricia needs a place to live, a bed and mattress and some food. Pastor Benjamin therefore is pleading to "I AM" WORLD MISSION to please come to their aid.** She will be happy if her pleads are conceded thank you

Elizabeth Botchway is a 67 years old widow who is taking care of her three grand children who were left to her by her deceased daughter Elizabeth. She works so hard to care for the children. It has not been easy for this woman and recently she has been given notice that in two months to vacate from where their living because the owner of the land wants to develop it. They have no where to go therefore **Pastor Benjamin is asking if "I Am" World Mission would be able to provide them with living quarters, a bed and mattress and food.**

They would be very happy.

Jobs 30:25 Did not I weep for him that was in trouble? Was not my soul grieved for the poor?

Benedictor Nkansa is 37 years old and was struck by a strange sickness. Her husband took her to a spiritualist to be healed. He later brought three of their children to her at the healing center and never came back for more than a year. No one knows where he is. A friend has given Benedictor a place to stay but the living conditions are not good. They have only a small mat which they use as their bed and sometimes she has to sleep on an empty stomach so that she can give the little she has to the children. **Pastor Benjamin is asking if "I Am" could buy a bed and mattress and some food to help her out.**

From our October newsletter here are pictures of Akosua G, Felicia, Yaa and Akosua K. They are so happy and surprised that someone would consider to help them. Thank you and May God Bless You
