A moment of sorrow, as she was crying and I couldn't hold my tears, **Felicia Kokugah** is 46 years old, whose husband died 4 years ago. Felicia was involved in an accident when she lost her fourth born, which was only eleven months old at the time. Felicia was hospitalized for almost one year with no help from anyone. She had lost all her savings in paying her medical bill, she had been ejected from her room for nonpayment of rent and she has three children to take care of. She has moved into the little stale where she sells petty things out of to take care of her children. Felicia is loosing customers because people don't feel comfortable to buy food from a shop which also serves as a bedroom and it's even hygienic. Life has become very unbearable for Felicia and her children. *I am therefore pleading on her behalf to "I AM" WORLD MISSION to come to their aid.* Thank You Pastor Benjamin.

Akosua Gynaye, was 53 years old, when her husband died. It was their costume and culture for her children to pay for the price of their father's casket for burial. If the children are too young to pay the amount, then their mother should pay. Because Akosua Gynaye did not have the money to pay at that time, the children can not have a portion of their father's faming land. To earn some money so they can feed themselves they have resulted to searching through bushes to find dried fire wood to sell. It's very dangerous for the children because recently, one of them was bitten by a snake and it nearly cost him his life. *I am therefore pleading on their behalf to "I AM" WORLD MISSION to come to their aid.* May God Bless Thank You.

Psalms 119:78 KJV

Let the proud be ashamed; for they dealt perversely with me without a cause: but I will meditate in thy precepts.

Yaa Konadu is 82 years old and a widow who is caring for her three grand children including one of them who is mentally not fit. The mother of her grandchildren died in prison when she was accused of stealing food from her divorced husband's farm to feed her children. Now Yaa Konadu is the one taking care of them, and she is also suffering from rheumatism because she has been sleeping on the bare floor for quite a long time. Life has become so unbearable for them. I therefore want to plead on their behalf to "I AM" WORLD MISSION for help. *They would be so happy to have a bed and mattress to rest their head and some food.* Thank you.

Akosua Konama is 41 years old and a widow with three children to take care of. She and her late husband operated a large cocoa farm. She was just sent away from their home with the excuse that a proper customary performance was not done on her as a married woman. Therefore she was looked on as a concubine and more so the room they were living in, wasn't for her husband but for external family members. Akosua Konama and her children can not continue to stay where there and have been evicted and are now occupying a room given to them by a certain benevolent person as a temporal accommodation. *I'm therefore pleading to "I AM" WORLD MISSION for accommodations of living quarters and some food.* Thank you so much for your willingness.

2 Samuel 10:2 KJV

“Then said David, I will shew kindness unto Hanun the son of Nahash, as his father shewed kindness unto me. And David sent to comfort him by the hand of his servants for his father.”
