Janet Sarkwah is a 41 year old widow. She comes from the southwestern part of Ghana where the Fanti people live. They have a very strange custom, when a husband dies, after two weeks of his death, the wife is put in captivity for three months with only an appointed old lady that is allowed to see her. They believe if the woman is responsible for the death of her husband, she will face the wrath of his ghost during that period. Her husband Francis Sarkwah was employed at "I Am" Day School but he had a stroke. Janet worked tirelessly to take care of him and the entire family. Now after exhausting all resources on her husband's sickness and funeral, she needs some help to stand firm and work hard in order for her to take care of the children. Pastor Benjamin therefore is asking on her behalf, to "I AM" WORLD MISSION to come to her aid. **Thank you.**

Clementina Poomaa is 45 years old and was abandoned by her husband. Things were so bad for her that she had to give up 1 of her 6 children to be a housekeeper. During the Covid period she lost a lot of capital since they made her stop working during this period. She has just has a hard time getting back on her feet so Pastor Benjamin is wondering if "I Am" would help her with some food and a small financial support to boost her business. ***This would be so helpful and a lifting of stress. Thank you***

Hebrew 13:6 So that we may boldly say, *The Lord is my helper; and I will not fear what man shall do unto me.*

Adwoa Monica is 39 years old and had given birth three years ago to a little boy that she had prayed for to God for many years. The boy doesn't talk, walk or sit up. Her husband and his family members believe he is a curse and wanted to terminate his life. Monica had refused to allow them to do that because she said she had prayed for a child for many years and if God has given her this then she will keep him. Because Monica has this strong belief, she has been branded to also be cursed and her husband has thrown them out on the streets. Consider helping this woman for she has nothing and no one to help her for standing up to save her son's life. **Thank You.**

Afia Anane and her childhood friend **Ataa Adwoa** are both widows. Afia Anane is the oldest, 74 years while Ataa Adwoa is 73. They are pretty much on their own with no one to help them. It has gotten hard for them at their age. To feed themselves they go to the bush to cut some dry wood and sell it at the market so they can get money. At their age roaming in the bushes in search of dry wood is not safe, especially if they come encounter with snakes. ***I therefore want to plead with "I AM" WORD MISSION to come to their aid thank you.***
