**Psalms 4:1** Answer me when I call to you, my righteous God. Give me relief from my distress; Have mercy on me and hear my prayer.

**Juabeng Serwaa** is a poor widow who is 57 years old. She is solely taking care of her three grandchildren whose mother died. She had put up a wooden structure just to sleep in on someones land. Now the owner wants to build a house and she has to vacate the place. Juabeng is just sick not knowing what to do and where to go. Pastor Benjamin is asking for help from “I Am” World Mission to give Jauabeng and her grandchildren a place to live and some food. Thank you

**Gifty Ntim** is 53 years old and a widow. Gifty is the only on to take care of her grandchildren. They sleep on bare floors and because of that her hip bone has become very painful and whenever it rains, it becomes very difficult for her to walk. Pastor Benjamin is asking for help in this situation especially for a bed and mattress.

**Yaa Akoto** is 43 years old and a widow. She and her husband were working on other people's land as farm laborers and now that her husband has died, she is alone and has to work as a labor to take care of her children. She works so hard in these bad conditions to try to support themselves that Pastor Benjamin is afraid that she could die and leave the children in a very critical situation. Even when she is sick, she still goes to work because she knows the children won't eat if she doesn't. She doesn't go to the hospital because she has no money to. She's so young and Pastor Benjamin is asking for help to get her out of this situation so she can survive.
